Personally Formulated by Dr. David Minkoff

Years ago, Dr. Minkoff got fed up with having to recommend over a dozen different products to his patients just to get their daily nutrition for their health goals – especially for detox protocols. It created so much confusion. He knew there had to be a better way.

So he set out to create the best possible multivitamin he could conceive. Sourced from the best ingredients, using the active forms of vitamins, and optimized for bioavailability and maximum effect.

Just look at some of our ingredients.

Suggested Use: Take 2 tablets twice per day with food.
